Subject: RE: Testimonial

Hi Rohan,

When I contacted Jasper Consultants to assist me in designing a website for my business I was very impressed by their prompt service. They design my website perfectly, and in a very short period of time it was up and running. I recommend Jasper Consultants to anyone who ask me. They are all professional people that I have dealt with and they will go out of their way to find the correct design for your business. I am extremely happy with their service and support.

Kind regards

Brenda Farr
